A WHOLE NEW WAY TO DELIVER ELECTRONICALLY

Check 21 will spur the use of new technologies that will improve the efficiency and reduce the cost of the nation's check collection system.

Don't miss our informative seminars about Check 21 products!

With only a few months to go before the groundbreaking legislation takes effect, you can be confident that the Federal Reserve Banks will be prepared to deliver the services your institution needs to take advantage of the new law. Learn how the Federal Reserve can help you use Check 21 to maximize efficiencies and provide business opportunities for your institution. On Oct. 28, 2004, the Reserve Banks

will offer a comprehensive suite of Check 21-related solutions that will complement traditional paper-check collection services to support greater electronic collection of paper checks and to accommodate customer demand for Check 21 clearing solutions. Please register early to reserve your seat at one of our sessions. This seminar is designed for operations and financial officers and managers.

FedForwardSM—Designed to help you transform your operations to clear dollars faster, reduce transportation, streamline backroom operations and extend deadlines.

FedReturnSM—Designed to help you transform your inbound and outbound returns processing operations to reduce risk, streamline backroom operations, improve quality and speed the returns process—all while realizing substantial operating savings.

FedReceiptSM—Offers you the ability to receive inclearings as an image cash letter. This can streamline check processing operations and eliminate delays associated with transportation.
